

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PART I.

CONSTITUTIONAL PROVISIONS AND LAWS WHICH RELATE TO THE
BOARD, AND THE RULES AND BY-LAWS OF THE BOARD.

THE STATE BOARD OF CHARITIES.*

By article VIII of the Constitution of the State of New York, adopted in 1894, the State Board of Charities, created in 1867, became a constitutional body January 1, 1895. Such Constitution provides that the Board shall visit and inspect all institutions, whether State, county, municipal, incorporated or not incorporated, which are of a charitable, eleemosynary, correctional or reformatory character, including institutions for epileptics and idiots, and all reformatories (save those in which adult males, convicted of felony, shall be confined), and excepting institutions for the care and treatment of the insane, and for the detention of adults charged with or convicted of crime, or detained as witnesses and debtors.

The Constitution also provides that the members of the Board shall be appointed by the Governor, by and with the advice and consent of the Senate, and all existing laws relating to institutions above mentioned, and to their supervision and inspection, in so far as such laws are not inconsistent with the provisions of the Constitution, shall remain in force, and that the Legislature may confer upon the Board any additional powers. It further provides that while payments by counties, cities, towns and villages to charitable, eleemosynary, correctional, or reformatory institutions, wholly or partly under private control, for care, support and maintenance, may be authorized but shall not be required by the Legislature, no such payments shall be made for any such inmate of such institution who is not received and retained therein pursuant to rules established by the State Board of Charities.

The Commissioners comprising the Board are twelve in number, and are appointed for the term of eight years, one from each judicial district of the State, one additional member from the county of Kings, and three additional members from the county of New York. The Commissioners are required to reside in the districts from which they are respectively appointed, and no Commissioner can act as such while a trustee, director or other administrative officer of any of the institutions subject to the visitation and inspection of the Board.

The principal duties of the Board are to visit, inspect and maintain a general supervision of all institutions, societies or associations which are of a charitable, eleemosynary, correctional or reformatory character, whether State or municipal, incorporated or not incorporated, made subject to its supervision by the Constitution and statutes. Other duties are to frame rules for the reception and retention of inmates and to approve or disapprove the organization and incorporation of all institutions which are or shall be subject to the supervision and inspection of the Board.

The chief officers of the Board are a President and a Vice-President, elected annually from its members.

Each Commissioner receives as compensation ten dollars for each day's attendance at meetings of the Board or any of its committees, not to exceed \$500 in a year to any Commissioner, and is also paid his expense while engaged, and his outlay for any aid or assistance rendered, in the performance of his duties. The Board is required to report to the Legislature annually. The seal of the office is the Arms of the State, surrounded by the inscription, "State of New York — The State Board of Charities."

§ 11. The legislature shall provide for a state board of charities, which shall visit and inspect all institutions, whether state, county, municipal, incorporated or not incorporated, which are of a charitable, eleemosynary, correctional or reformatory character, excepting only such institutions as are hereby made subject to the visitation and inspection of either of the commissions hereinafter mentioned, but including all reformatories except those in which adult males convicted of felony shall be confined; a state commission in lunacy, which shall visit and inspect all institutions, either public or private, used for the care and treatment of the insane (not including institutions for epileptics or idiots); a state commission of prisons which shall visit and inspect all institutions used for the detention of sane adults charged with or convicted of crime, or detained as witnesses or debtors.

§ 12. The members of the said board and of the said commissions shall be appointed by the governor, by and with the advice and consent of the senate; and any member may be removed from office by the governor for cause, an opportunity having been given him to be heard in his defense.

§ 13. Existing laws relating to institutions referred to in the foregoing sections and to their supervision and inspection, in so far as such laws are not inconsistent with the provisions of the constitution, shall remain in force until amended or repealed by the legislature. The visitation and inspection herein provided for, shall not be exclusive of other visitation and inspection now authorized by law.

§ 14. Nothing in this constitution contained shall prevent the legislature from making such provision for the education and

support of the blind, the deaf and dumb, and juvenile delinquents, as to it may seem proper; or prevent any county, city, town or village from providing for the care, support, maintenance and secular education, of inmates of orphan asylums, homes for dependent children or correctional institutions, whether under public or private control. Payments by counties, cities, towns and villages to charitable, eleemosynary, correctional and reformatory institutions, wholly or partly under private control, for care, support and maintenance, may be authorized, but shall not be required by the legislature. No such payments shall be made for any inmate of such institutions who is not received and retained therein pursuant to rules established by the state board of charities. Such rules shall be subject to the control of the legislature by general laws.

§ 15. Commissioners of the state board of charities and commissioners of the state commission in lunacy, now holding office, shall be continued in office for the term for which they were appointed, respectively, unless the legislature shall otherwise provide. The legislature may confer upon the commissions and upon the board mentioned in the foregoing sections any additional powers that are not inconsistent with other provisions of the constitution.

Section 1. Short title.—This chapter shall be known as the state charities law.

§ 2. Definitions.—The term state charitable institutions, when used in this chapter, shall include all institutions of a charitable,

eleemosynary, correctional or reformatory character, supported in whole or in part by the state, except institutions for the instruction of the deaf and dumb and the blind, and such institutions which, by section eleven, article eight of the constitution, are made subject to the visitation and inspection of the commission in lunacy or the prison commission, whether managed or controlled by the state or by private corporations, societies or associations.

§ 3. State board of charities (as amended by chapter 437 of the Laws of 1897).—There shall continue to be a state board of charities, composed of twelve members, who shall be appointed by the governor, by and with the advice and consent of the senate, one of whom shall be appointed from and reside in each judicial district of the state, one additional member from the county of Kings, and three additional members from the county of New York, who will respectively reside in such counties. They shall be known as commissioners of the state board of charities, and hold office for eight years. No commissioner shall qualify or enter upon the duties of his office, or remain therein, while he is a trustee, manager, director or other administrative officer of an institution subject to the visitation and inspection of such board. The commissioners in office at the time this chapter takes effect, shall continue in office for the terms for which they were respectively appointed.

§ 4. Officers of the board.—The board may elect a president, and vice-president from its own members, and shall appoint and continue to have a secretary, and may appoint such other officers, inspectors and clerks as it may deem necessary or proper and fix their compensation, who shall respectively hold their office during the pleasure of the board.

§ 5. Compensation and expenses of commissioners.—The compensation of each commissioner, in recognition of the provisions of the constitution, is fixed at ten dollars for each day's attendance at meetings of the board or of any of its committees, not exceeding in any one year the sum of five hundred dollars. The expenses of each commissioner, necessarily incurred while engaged in the performance of the duties of his office, and his

outlay for any assistance that may have been required in the performance of such duties, on the same being paid out and certified by the commissioner making the charge, shall be paid by the treasurer, on the warrant of the comptroller.

§ 6. Meetings and effect of non-attendance.—The board may adopt rules and orders, regulating the discharge of its functions and defining the duties of its officers. It shall, by rule, provide for holding stated and special meetings. Six members regularly convened shall constitute a quorum. The failure on the part of any commissioner to attend three consecutive meetings of the board during any calendar year, unless excused by a formal vote of the board, may be treated by the governor as a resignation by such non-attending commissioner and the governor may appoint his successor. The annual reports of the board shall give the names of commissioners present at each of its meetings.

§ 7. Office room and supplies.—The trustees of public buildings shall furnish and assign to such board, in the capitol, at Albany, suitably furnished rooms for its office and place of holding meetings, and the comptroller shall furnish it with all necessary journals, account books, blanks and stationery.

§ 8. Official seal, certificates and subpoenas.—The board shall cause a record to be kept of its proceedings by its secretary or other proper officer, and it shall have and use an official seal; and the records, its proceedings and copies of all papers and documents in its possession and custody may be authenticated in the usual form, under such seal and the signature of its president or secretary, and shall be received in evidence in the same manner and with like effect as deeds regularly acknowledged or proven; it may issue subpoenas, which, when authenticated by its president and secretary, shall be obeyed and enforced in the same manner as obedience is enforced to an order or mandate made by a court of record.

§ 9. General powers and duties of board.—The state board of charities shall visit, inspect and maintain a general supervision of all institutions, societies or associations which are of a charitable, eleemosynary, correctional or reformatory char-

acter, whether state or municipal, incorporated or not incorporated, which are made subject to its supervision by the constitution or by law; and shall,

1. Aid in securing the just, humane and economic administration of all institutions subject to its supervision.

2. Advise the officers of such institutions in the performance of their official duties.

3. Aid in securing the erection of suitable buildings for the accommodation of the inmates of such institutions aforesaid.

4. Approve or disapprove the organization and incorporation of all institutions of a charitable, eleemosynary, correctional or reformatory character which are or shall be subject to the supervision and inspection of the board.

5. Investigate the management of all institutions made subject to the supervision of the board, and the conduct and efficiency of the officers or persons charged with their management, and the care and relief of the inmates of such institutions therein or in transit.

6. Aid in securing the best sanitary condition of the buildings and grounds of all such institutions, and advise measures for the protection and preservation of the health of the inmates.

7. Aid in securing the establishment and maintenance of such industrial, educational and moral training in institutions having the care of children as is best suited to the needs of the inmates.

8. Establish rules for the reception and retention of inmates of all institutions which, by section fourteen of article eight of the constitution, are subject to its supervision.

9. Investigate the condition of the poor seeking public aid and advise measures for their relief.

10. Administer the laws providing for the care, support and removal of state and alien poor and the support of Indian poor persons.

11. Collect statistical information in respect to the property, receipts and expenditures of all institutions, societies and associations subject to its supervision, and the number and condition of the inmates thereof, and of the poor receiving public relief.

§ 10. Visitation inspection and supervision of institutions.— All institutions of a charitable, eleemosynary, reformatory or correctional character or design, including reformatories (except those now under the supervision and subject to the inspection of the prison commission), but including all reformatories, except those in which adult males convicted of felony, shall be confined, asylums and institutions for idiots and epileptics, alms-houses, orphan asylums, and all asylums, hospitals and institutions, whether state, county, municipal, incorporated or not incorporated, private or otherwise, except institutions for the custody, care and treatment of the insane, are subject to the visitation, inspection and supervision of the state board of charities, its members, officers and inspectors. Such institutions may be visited and inspected by such board, or any member, officer or inspector duly appointed by it for that purpose, at any and all times.

Such board or any member thereof may take proofs and hear testimony relating to any matter before it, or before such member, upon any such visit or inspection.

Any member or officer of such board, or inspector duly appointed by it, shall have full access to the grounds, buildings, books and papers relating to any such institution, and may require from the officers and persons in charge thereof, any information he may deem necessary in the discharge of his duties. The board may prepare regulations according to which, and provide blanks and forms upon which, such information shall be furnished, in a clear, uniform and prompt manner, for the use of the board. No such officer or inspector shall divulge or communicate to any person without the knowledge and consent of said board any facts or information obtained pursuant to the provisions of this act; on proof of such divulgement or communication such officer or inspector may at once be removed from office. The annual reports of each year shall give the results of such inquiries, with the opinion and conclusions of the board relating to the same. Any officer, superintendent or employe of any such institution, society or association who shall unlawfully

refuse to admit any member, officer or inspector of the board, for the purpose of visitation and inspection, or who shall refuse or neglect to furnish the information required by the board or any of its members, officers or inspectors, shall be guilty of a misdemeanor, and subject to a fine of one hundred dollars for each such refusal or neglect. The right and powers hereby conferred may be enforced by an order of the supreme court after notice and hearing, or by indictment by the grand jury of the county or both.

§ 11. Powers and duties of the board on visits and inspections.— On such visits, inquiry shall be made to ascertain:

1. Whether all parts of the state are equally benefited by the institutions requiring state aid.

2. The merits of any and all requests on the part of any such institution for state aid, for any purpose, other than the usual expenses thereof; and the amount required to accomplish the object desired.

3. The sources of public moneys received for the benefit of such institution, as to the proper and economical expenditure of such moneys and the condition of the finances generally.

4. Whether the objects of the institution are being accomplished.

5. Whether the laws and the rules and regulations of this board, in relation to it, are fully complied with.

6. Its methods of industrial, educational and moral training, if any, and whether the same are best adapted to the needs of its inmates.

7. The methods of government and discipline of its inmates.

8. The qualifications and general conduct of its officers and employes.

9. The condition of its grounds, buildings and other property.

10. Any other matter connected with or pertaining to its usefulness and good management.

§ 12. Investigations of institutions.—The board may direct an investigation, by a committee of one or more of its members, of the affairs and management of any institution, society or asso-

ciation, subject to its supervision, or of the conduct of its officers and employes. The commissioner or commissioners designated to make such investigation are hereby empowered to issue compulsory process for the attendance of witnesses and the production of papers, to administer oaths, and to examine persons under oath, and to exercise the same powers in respect to such proceeding as belong to referees appointed by the supreme court.

§ 13. Orders of board directed to institutions.—If it shall appear, after such investigation, that inmates of the institution are cruelly, negligently or improperly treated, or inadequate provision is made for their sustenance, clothing, care, supervision, or other condition necessary to their comfort and well being, said board may issue an order, in the name of the people, and under its official seal, directed to the proper officers or managers of such institution, requiring them to modify such treatment or apply such remedy, or both, as shall therein be specified; before such order is issued, it must be approved by a justice of the supreme court, after such notice as he may prescribe and an opportunity to be heard, and any person to whom such an order is directed who shall willfully refuse to obey the same, shall, upon conviction, be adjudged guilty of a misdemeanor.

§ 14. Correction of evils in administration of institutions.—The state board of charities shall call the attention of the trustees, directors or managers of any such institution, society or association, subject to its supervision, to any abuses, defects or evils which may be found therein, and such officers shall take proper action thereon, with a view to correcting the same, in accordance with the advice of such board.

§ 15. Duties of the attorney-general and district attorneys.—If, in the opinion of the board or any three members thereof, any matter in regard to the management or affairs of any such institution, society or association, or any inmate or person in any way connected therewith, require legal investigation or action of any kind, notice thereof may be given by the board, or any three members thereof, to the attorney-general, and he shall thereupon make inquiry and take such proceedings in the premises as he

may deem necessary and proper. It shall be the duty of the attorney-general and of every district attorney when so required to furnish such legal assistance, counsel or advice as the board may require in the discharge of its duties.

§ 16. State, non-resident and alien poor.—A poor person shall not be admitted as an inmate into a state institution for the feeble-minded, or epileptics, unless a resident of the state for one year next preceding the application for his admission.

The state board of charities, and any of its members or officers, may, at any time, visit and inspect any institution subject to its supervision to ascertain if any inmates supported therein at a state, county or municipal expense are state charges, non-residents, or alien poor; and it may cause to be removed to the state or county from which he came any such non-resident or alien poor found in any such institution.

§ 17. Reports of state board of charities.—The state board of charities shall annually report to the legislature its acts, proceedings and conclusions for the preceding year, with results and recommendations, which report shall include the information obtained in its inquiries and investigations, and from the reports made to it as in this chapter provided, giving a complete and itemized statement of expenditures for state poor, and of such other matters relating to the institutions subject to its visitations, as it may deem necessary or proper. The board shall collect, and so far as it shall deem advantageous, embody in its annual reports, such information as it may deem proper relating to all institutions, subject to the visitation of the board and respecting the best manner of dealing with those who require assistance from the public funds, or who receive aid from private charity, and represent its views as to the best methods of caring for the poor and destitute children who may be distributed through the various institutions of the state, or who may be without instruction or guidance, and furnish in tabulated statements, as nearly as possible, the number, sex, age and nativity of persons in this state, and in the several counties thereof, who are in any way receiving the aid of public, private or organized charity,

with any other particulars it may deem proper. If such child, his parents or guardians are of sufficient ability to pay only a part of the expense of supporting and maintaining him, such undertaking shall be only for his removal from the institution as above mentioned; and the superintendent may take security by note or other written agreement, with or without sureties, as he may deem proper, for such part of such expenses as such child, his parents or

guardians are able to pay, subject, however, to the approval of the managers in the manner that shall be prescribed in the by-laws. Notice to remove a pupil shall be in writing, signed by the superintendent and directed to the parents, guardians, committee or other person upon whose request the pupil was received at the institution, at the place of residence mentioned in such request, and deposited in the post-office at Syracuse with the postage prepaid.

Such statement of deposit shall be certified by the proper officer of the bank receiving such deposit or deposits. The treasurer shall verify by his affidavit that the sum so deposited is all the money received by him from any source of income for the colony up to the time of the last deposit appearing on such statement. A bank designated by the comptroller to receive such deposits shall, before any such deposit be made, execute a bond to the people of the state in a sum and with sureties to be approved by the comptroller, for the safe keeping of such deposits.

§ 109. Designation and admission of patients.—There shall be received and gratuitously supported in the colony, epileptics residing in the state, who, if of age, are unable, or, if under age, whose parents or guardians are unable to provide for their support therein; and who shall be designated as state patients. Such additional number of epileptics as can be conveniently accommodated shall be received into the colony by the managers on such terms as shall be just, and shall be designated as private patients. Epileptic children shall be received into the colony only upon the written request of the persons desiring to send them, stating the name, age, place of nativity, if known, the town, city or county in which such children respectively reside, and the ability of their respective parents, or guardians or others to provide for their support in whole or in part, and if in part only, stating what part; and stating also the degree of relationship or other circumstances

of connection between the patients and the persons requesting their admission; which statement in all cases of state patients must be verified by the affidavits of the petitioners and of two disinterested persons, and accompanied by the opinion of a qualified physician, all residents of the same county with the epileptic patients, and acquainted with the facts and circumstances stated, and who must be certified to be credible by the county judge or surrogate of the county; and such judge or surrogate must also certify, in each case, that such state patient, in his opinion, is an eligible and proper candidate for admission to the colony. State patients may also be received into the colony upon the official application of a county superintendent of the poor, or of the poor authorities of any city.

It shall be the duty of the superintendent of the poor in every county and of the poor authorities of every city to furnish annually to the State Board of Charities, a list of all epileptics in their respective jurisdictions, so far as the same can be ascertained, with such particulars as to the condition of each epileptic as shall be prescribed by the said state board. Whenever an epileptic shall become a charge for his or her maintenance on any of the towns, cities or counties of this state, it shall be the duty of all poor authorities of such city, and of the county superintendents of the poor, and of the supervisors of such county, to place such epileptic in the said colony. Any parent, guardian or friend of an epileptic child within this state may make application to the poor authorities of any city, or the superintendent of the poor of any county or the board of supervisors or any supervisor of any town, ward or city where such child resides, showing by satisfactory affidavit or other proof that the health, morals, comfort or welfare of such child may be endangered or not properly cared for if not placed in such colony; and thereupon it shall be the duty of such officer or board to whom such application may be made to place such child in said colony. The board of supervisors shall provide for the support of such patients, except those properly supported by the state, and may recover for the same from the parents or guardians of such children. In the admission of patients preference

shall always be given to poor or indigent epileptics, or the epileptic children of poor or indigent persons, over all others; and preference shall always be given to such as are able to support themselves only in part, or who have parents able to support them only in part, over those who are able or who have parents who are able wholly to furnish such support.

§ 110. Support of state patients.—State patients shall be provided with proper board, lodging, medical treatment, care and tuition; and the managers of the colony shall receive for each state patient supported therein a sum not exceeding two hundred and fifty dollars per annum; which payments, if any, shall be made by the treasurer of the state, on the warrant of the comptroller, to the treasurer of the said colony, on his presenting the bill of the actual time and number of patients in the colony, signed and verified by the superintendent and treasurer of the colony and by the president and secretary of its board of managers. The supervisors of any county from which such patients may have been received into the colony shall cause to be raised annually while such patients remain in the colony, the sum of thirty dollars for each of such state patients for the purpose of furnishing suitable clothing, and the same shall be paid to the treasurer of the colony on or before the first day of April of each year.

§ 111. Apportionment of state patients.—Whenever applications are made at one time for admission of more state patients than can be properly accommodated in the colony, the managers shall so apportion the number received, that each county may be represented in a ratio of its dependent epileptic population to the dependent epileptic population of the state, as shown by statistics furnished by the state board of charities.

§ 112. The support of private patients.—The superintendent of the colony may agree with any epileptic who may be of age, or his committee or guardian, or with the parents, guardian or committee of any epileptic child, or with any person for the entire or partial support, maintenance, clothing, tuition, training, care and treatment of such epileptic in the colony, on such terms and conditions as may be prescribed in the by-laws or approved by the

managers. Every patient, guardian, committee or other person applying for the admission into the colony of an epileptic who is, or whose parents or guardians are of sufficient ability to provide for his support and maintenance therein, shall at the time of his admission, execute a bond to the treasurer of the colony with one or more sureties, to be approved by the superintendent and treasurer, in such sum as the managers shall prescribe, to the effect that the obligers will pay to the treasurer of the colony all sums of money at such time or times as shall be so agreed upon, and remove such epileptic from the colony free of expense to the managers within twenty days after the service of the notice hereinafter provided for. If such epileptic, his parents or guardian are of sufficient ability to pay only a part of the expenses of supporting and maintaining him at the institution, such undertaking shall be only for such partial support and maintenance and for removal from the institution as above mentioned; and the treasurer may take security by such obligation, or, in his discretion, by note or other written agreement, with or without sureties, as he may deem proper, for such part of such expenses as the epileptic, his parents or guardian are able to pay; but such exercise of discretion shall be with the approval of the superintendent and a committee of the managers in a manner that shall be prescribed in the by-laws. Notice to remove a patient shall be in writing, signed by the superintendent and directed to the epileptic, his parents, guardian, committee or other person upon whose request the patient was received at the colony, at the place of residence mentioned in such request, and deposited in the post-office at Sonyea or any post-office in Livingston county, with the postage prepaid.

§ 113. Discharge of patients.—The superintendent of the colony, with the approval of the managers, or of a committee thereof, shall have power to discharge patients, but no epileptic patient shall be returned to any poor-house, directly through a superintendent of the poor, or otherwise. In case a patient, not an epileptic, shall be sent to the colony, through mistaken diagnosis of his disease, or other cause, and there received, such patient shall be returned to and the traveling expenses of

shall be paid by the person who sent him or her to the colony. Should an epileptic become insane, such patient, if a state patient, shall be sent to the state hospital of the district of which he was a resident just prior to his admission to the colony in the manner prescribed by law. The bills for the reasonable expenses incurred in the transportation of state patients to and from the state hospitals after they have been approved in writing by the state commission in lunacy, shall be paid by the treasurer of the state on the warrant of the comptroller from the funds provided for the support of the state hospitals. In case the relatives, guardians or friends of such an insane patient desire that he become an inmate of any state hospital situated beyond the limits of the district of which he was formerly a resident, and there be sufficient accommodations in such state hospital, he shall be received there in the manner provided by law for the transfer of other insane persons. Private patients, who may become insane, shall be committed, as prescribed by law, subject to the regulations of the state commission in lunacy, to such institution for the insane as may be designated by the relatives, guardians or friends of such insane person, all traveling and other expenses of removal to be paid by them. After any patient has been delivered to the managers or officers of such hospital or institution, the care and custody of the managers of the colony over such insane person shall cease; and after any patient shall, as aforesaid, be so certified to be insane as prescribed by law, such patient shall come under the supervision of the state commission in lunacy.

§ 114. Notice of opening of colony.—So soon as the colony shall be ready for the reception of patients, it shall be the duty of the board of managers officially to send notice of such fact to the county clerks and the clerks of the boards of supervisors of the respective counties of the state, and the secretary of the state board of charities; and to furnish such clerks of counties and boards of supervisors with suitable blanks for the commitment of epileptics to such colony.

The term of such sentence and commitment shall be five years, but such female may be sooner discharged therefrom by the board of managers. Such commitments to the House of Refuge for Women, at Hudson, until the New York State Reformatory for Women, at Bedford, is completed and ready for the reception of inmates shall be made from the first, second, third, fourth, fifth and sixth judicial districts; to the Western House of Refuge at Albion, from the seventh and eighth judicial districts. Upon the completion of the New York State Reformatory for Women, at Bedford, commitments thereto shall be made from the first judicial district and the county of Westchester.

The board of managers of each such institution shall furnish the several county clerks of the state with suitable blanks for the commitment of women thereto.

Such county clerks shall immediately notify the magistrates of their respective counties of the reception of such blanks and that upon application they will be furnished to them.

The magistrate committing a female pursuant to this section shall immediately notify the superintendent of the institution to which the commitment is made of the conviction of such female, and shall cause a record to be kept of the name, age, birthplace, occupation, previous commitments, if any, and for what offenses; the last place of residence of such female, and the particulars of the offense for which she is committed. A copy of such record shall be transmitted, with the warrant of commitment, to the superintendent of such institution, who shall cause the facts stated therein, and such other facts as may be directed by the board of managers, to be entered in a book of record.

Such magistrate shall, before committing any such female, inquire into and determine the age of such female at the time of commitment, and her age as so determined shall be stated in the warrant. The statement of the age of such female in such warrant shall be conclusive evidence as to such age, in any action to recover damages for her detention or imprisonment under such warrant, and shall be presumptive evidence thereof in any other inquiry, action or proceeding, relating to such detention or imprisonment.

§ 147. Return of females improperly committed.—Whenever it shall appear to the satisfaction of the board of managers of any such institution, that any person committed thereto is not of proper age to be so committed or is not properly committed, or is insane or mentally incapable of being materially benefited by the discipline of any such institution, such board of managers shall cause the return of such female to the county from which she was so committed. Such female shall be so returned in the custody of one of the persons employed by such boards of managers to convey to such institutions women committed thereto.

who shall deliver her into the custody of the sheriff of the county from which she was committed. Such sheriff shall take such female before the magistrate making the commitment, or some other magistrate having equal jurisdiction in such county, to be by such magistrate resented for the offense for which she was committed to any such institution and dealt with in all respects as though she had not been so committed.

The cost and expenses of the return of such female, necessarily incurred and paid by any such board of managers shall be a charge against the county from which such female was committed, to be paid by such county to such board of managers in the same manner as other county charges are collected.

§ 148. Disposition of children of women so committed.—If any woman committed to any such institution, at the time of such commitment is a mother of a nursing child in her care under one year of age, or is pregnant with child which shall be born after such commitment, such child may accompany its mother to and remain in such institution until it is two years of age and must then be removed therefrom.

The board of managers of any such institution may cause such child to be placed in any asylum for children in this state and pay for the care and maintenance of such child therein at a rate not to exceed two and one-half dollars a week, until the mother of such child shall have been discharged from such institution, or may commit such child to the care and custody of some relative or proper person willing to assume such care.

If such woman, at the time of such commitment, shall be the mother of and have under her exclusive care a child more than one year of age, which might otherwise be left without proper care or guardianship, the magistrate committing such woman shall cause such child to be committed to such asylum as may be provided by law for such purposes, or to the care and custody of some relative or proper person willing to assume such care.

§ 149. Conveyance of women committed.—The board of managers of each of such institutions shall employ persons to be known as marshals, to convey from the place of conviction to such institution, all women legally committed

and such marshals shall have the power and authority of deputy sheriffs in respect thereto. All expenses necessarily incurred in making such conveyance shall be paid by the treasurer of the board of managers. In case of the commitment of a woman, who, at the time thereof, is the mother of a nursing child or is pregnant, the board of managers shall designate a woman of suitable age and character to accompany the person so committed, along with the officer or representative, authorized in this section to be employed by such managers.

§ 150. Detentions and rearrests in cases of escapes.—The board of managers of any such institution may detain therein, under the rules and regulations adopted by them, any female legally committed thereto, according to the terms of the sentence and commitment, and conditionally discharge such female at any time prior to the expiration of the term of commitment.

If an inmate escape or be conditionally discharged from any such institution, the board of managers may cause her to be rearrested and returned to such institution, to be detained therein for the unexpired portion of her term, dating from the time of her escape or conditional discharge. A person employed by the board of managers of any such institution to convey to such institution, women committed thereto, may arrest, without a warrant, an escaped inmate in any county in this state, and shall forthwith convey her to the institution from which she escaped; and a magistrate may cause an escaped inmate to be arrested and held in custody, until she can be removed to such institution, as in the case of her first commitment thereto.

A person conditionally discharged from any such institution may be arrested and returned thereto, upon a warrant issued by its president and secretary. Such warrant shall briefly state the reason for such arrest and return, and shall be directed and delivered to a person employed by such board of managers to convey to such institutions, women committed thereto, and may be executed by such person in any such county of this state.

§ 151. Employment of inmates.—The board of managers of each institution shall determine the kind of employment for

women committed thereto and shall provide for their necessary custody and superintendence. The provisions for the safe keeping and employment of such women shall be made for the purpose of teaching such women a useful trade or profession and improving their mental and moral condition.

Such board of managers may credit such women with a reasonable compensation for the labor performed by them, and may charge them with the necessary expenses of their maintenance and discipline, not exceeding the sum of two dollars per week. If any balance shall be found to be due such women at the expiration of their terms of commitment, such balance may be paid to them at the time of their discharge.

To secure the safe keeping, obedience and good order of the women committed to any such institution, the superintendent thereof, has the same power as to such women, as keepers of jails and penitentiaries possess as to persons committed to their custody.

§ 152. Clothing and money to be furnished discharged inmates.—The board of managers of any such institution may, in their discretion, furnish to each inmate of such institution who shall be discharged therefrom, necessary clothing not exceeding twelve dollars in value, or if discharged between the first day of November and the first day of April to the value of not exceeding eighteen dollars, and ten dollars in money, and a ticket for the transportation of one person from such institution to the place of conviction of such inmate, or to such other place as such inmate may designate, at no greater distance from such institution than the place of conviction.

§ 153. Board of managers of Bedford reformatory to notify county clerks of completion thereof.—As soon as the Bedford Reformatory for Women is completed and ready for the reception of inmates, the board of managers thereof shall notify the county clerks of Westchester and New York counties and furnish such clerks with suitable blanks for the commitment of women to such institution. Such county clerks, on the reception of such notification, shall transmit a copy thereof to the several magistrates of such counties.

Section 1. Short title.—This chapter shall be known as the poor law.

§ 2. Definitions.—A poor person is one unable to maintain himself, and such person shall be maintained by the town, city, county or state, according to the provisions of this chapter. In counties having but one superintendent of the poor, the term “superintendent” or “superintendents of the poor,” when used in this chapter, means such superintendent; and in towns or cities having but one overseer of the poor, the term “overseers” or “overseers of the poor,” when used in this chapter, means a town or city overseer of the poor. An “alms-house” is a place where the poor are maintained at the public expense.

The town poor are such persons as are required by law to be relieved or supported at the expense of the town or city; the county poor are such persons as are required by law to be relieved or supported at the expense of the county; and the state poor are such persons as are required by law to be relieved or supported at the expense of the state.

§ 3. (As amended by chapter 507 of the Laws of 1897.) County superintendents of the poor.—The county superintendents of the poor shall:

1. Have the general superintendence and care of poor persons who may be in their respective counties.

2. Provide and keep in repair suitable alms-houses when directed by the board of supervisors of their county.

3. Establish rules and by-laws for the government and good order of such alms-houses, and for the employment, relief, management and government of the poor therein; but such rules and regulations shall not be valid until approved by the county judge of the county, in writing.

4. Unless a keeper be appointed by the board of supervisors employ suitable persons to be keepers of such houses, and physicians, matrons and all other necessary officers and servants, and vest such powers in them for the government of such houses, and the poor therein, as shall be necessary, reserving to such poor persons who may be placed under the care of such keepers,

matrons, officers or servants, the right of appeal to the superintendents.

5. Purchase all necessary furniture, implements, food and materials for the maintenance of the poor in such houses, and for their employment in labor, and use, sell and dispose of the proceeds of such labor as they shall deem expedient.

6. Prescribe the rate of allowance to be made for bringing poor persons to the county alms-house, subject to such alterations as the board of supervisors may by general resolution make.

7. Authorize the keepers of such houses to certify the amount due for bringing such poor persons; which amount shall be paid by the county treasurer on the production of such certificate, countersigned and allowed by the county superintendents of the poor.

8. Summarily decide any dispute that shall arise concerning the settlement of any poor person, upon a hearing of the parties, and for that purpose may issue subpoenas to compel the attendance of witnesses, with the like powers to enforce such process, as is given to a justice of the peace in an action pending before him; their decisions shall be filed in the office of the county clerk within thirty days after they are made, and shall be conclusive and final upon all parties interested, unless an appeal therefrom shall be taken, as provided in this chapter.

9. Direct the commencement of suits by any overseer of the poor who shall be entitled to prosecute for any penalties, or upon any recognizance, bonds, or securities taken for the indemnity of any town or of the county; and in case of the neglect of any such overseer, to commence and conduct such suits, without the authority of such overseer, in the name of such superintendents.

10. Draw on the county treasurer for all necessary expenses incurred in the discharge of their duties, which draft shall be paid by such treasurer out of the moneys placed in his hands for the support of the poor.

11. Audit and settle all accounts of overseers of the poor, justices of the peace, and all other persons, for services relating to the support, relief or transportation of the county poor; and draw

on the county treasurer for the amount of the accounts which they shall so audit and settle.

12. Furnish necessary relief to such of the county poor as may require only temporary assistance, or are so disabled that they cannot be safely removed to the county alms-house, or to the county poor who can be properly provided for elsewhere than at the county alms-house at an expense not exceeding that of their support at such alms-house.

13. Render to the board of supervisors of their county, at their annual meeting, a verified account of all moneys received and expended by them, or under their direction, and of all their proceedings in such manner and form as may be required by the board.

14. Pay over all moneys remaining in their hands, within fifteen days after the expiration of their terms of office, to the county treasurer, or their successors.

15. Administer oaths and take affidavits in all matters pertaining to their office, and elicit, by examination under oath, statements of facts from applicants for relief.

Expenditures by the superintendent of the poor in the administration of his department are subject to the following limitations: The board of supervisors, at its annual meeting, may fix the maximum sum which may be expended by the superintendent, at his discretion, during the next ensuing year, and may provide that expenditures in excess of that sum shall be made only with the written approval of the chairman of the board of supervisors, or of a committee of the board, composed of not exceeding three members. If such limitation is fixed and such provision made, the county treasurer shall not pay any draft or order of the superintendent in excess of the sum so fixed by the board, unless it is accompanied with the written approval of such chairman or committee.

§ 4. Appointment of superintendent as keeper of alms-house. — The board of supervisors of any county may, by resolution, appoint as keeper of its county alms-house one of the superintendents of the poor of such county, who shall hold such office until the expiration of his term as superintendent or until the board

of supervisors, by resolution, shall determine that he shall no longer act in such capacity. The board of supervisors may fix the compensation such superintendent shall receive for acting as such keeper, and such compensation shall be a county charge. While a resolution of the board of supervisors directing such superintendent to act as keeper of the county alms-house is in force, the superintendents shall not employ a keeper thereof.

§ 5. When they may direct overseers of the poor to take charge of the county poor.—Whenever the county superintendents take charge of the support of any county poor person, in counties where no alms-house is provided, they may authorize the overseers of the poor of the town in which such poor person may be, to continue to support him, on such terms and under such regulations as they shall prescribe; and thereafter no moneys shall be paid to such overseers for the support of such poor person, without the order of the superintendents; or the superintendents may remove such poor person to any other town, and there provide for his support, in such manner as they shall deem expedient.

§ 6. Idiots and lunatics.—The superintendents of the poor shall provide for the support of poor persons that may be idiots or lunatics, at others places than in the alms-house, in such manner as shall be provided by law for the care, support and maintenance of such poor persons.

§ 7. Pestilence in alms-house.—Whenever any pestilence of infectious or contagious disease shall exist in any county alms house or in its vicinity, and the physician thereof shall certify that such pestilence or disease is likely to endanger the health of the persons supported thereat, the superintendents of the poor of such county shall cause the persons supported at such alms-house or any of them, to be removed to such other suitable place in the same county as shall be designated by the board of health of the city, town or village within which such alms-house shall be, there to be maintained and provided for at the expense of the county, with all necessary medical care and attendance, until they can be safely

returned to the county almshouse from which they were taken, or otherwise discharged.

§ 8. Accounts of county treasurer with towns.—In counties where there are town poor, the county treasurer thereof shall open and keep an account with each town, in which the town shall be credited with all the moneys received from the same, or from its officers, and shall be charged with the moneys paid for the support of its poor. If there be a county alms-house in such county, the superintendents of the poor shall, in each year, before the annual meeting of the board of supervisors, furnish to the county treasurer a statement of the sums charged by them as herein directed, to the several towns for the support of their poor, which shall be charged to such towns, respectively, by the county treasurer in his account.

§ 9. Annual apportionment of town expenses.—In counties having an alms-house, and where there are town poor, the superintendents shall annually, and during the week preceding the annual meeting of the board of supervisors, make out a statement of all the expenses incurred by them the preceding year for the support of town poor, and of the moneys received therefor, exhibiting the deficiency, if any, in the funds provided for defraying such expenses, and they shall apportion the deficiency among the several towns in proportion to the number and expenses of the town poor of such towns respectively, who shall have been provided for by the superintendents, and shall charge the towns with such proportion; which statement shall be by them delivered to the county treasurer.

§ 10. Tax levy on towns.—At the annual meeting of the board of supervisors, the county treasurer shall lay before them the account kept by him; and if it shall appear that there is a balance against any town, the board shall add the same to the amount of taxes to be levied and collected upon such town, with the other contingent expenses thereof, together with such sum for interest as will reimburse and satisfy any advances that may be made, or that may have been made, by the county treasurer for such town, which moneys, when collected, shall be paid to the county treasurer.

§ 11. Expense of county poor.—The superintendents of the poor shall annually present to the board of supervisors, at their annual meeting, an estimate of the sum which, in their opinion, will be necessary during the ensuing year for the support of the county poor; and such board of supervisors shall cause such sum as they may deem necessary for that purpose, to be assessed, levied and collected, in the same manner as other contingent expenses of the county, to be paid to the county treasurer and to be by him kept as a separate fund, distinct from the other funds of the county.

§ 12. Superintendents' report to the state board of charities.—The superintendents of the poor of every county shall, on or before the first day of December in each year, make reports covering the year ending September thirtieth, to the state board of charities in such form as the board shall direct, showing the number of the town poor and of the county poor that have been relieved or supported in their county the year preceding October first; the whole expense of such support, the amount paid for transportation of poor persons, and any other items not part of the actual expenses of maintaining the poor, and the allowance made to superintendents, overseers, justices, keepers, matrons, officers and other employes of the superintendents; the actual value of the labor of the poor persons maintained, and the estimated amount saved in the expense of their support in consequence of their labor; the sex and native country of every such poor person, with the causes, either direct or indirect, which have operated to render such persons poor, so far as the same can be ascertained; and shall include in such report a statement of the name and age of, and of the names and residence of the parents of, every poor child who has been placed by them in a family during the year, with the name and residence of the family with whom every such child was placed, and the occupation of the head of the family, together with such other items of information in respect to their character and condition as the state board of charities shall direct.

§ 13. (As amended by chapter 48 of the Laws of 1897).—Supervisors and members of town boards may direct as to temporary or outdoor relief to poor.—The board of superintendents

of any county may make such rules and regulations as it may deem proper in regard to the manner of furnishing temporary or outdoor relief to the poor in the several towns in said county and provided the board of supervisors shall have failed to make any such rules and regulations the town board of any town may make such rules and regulations as it may deem proper in regard to furnishing temporary or outdoor relief to the poor in their respective towns, by the overseer or overseers of the poor thereof, and also in regard to the amount such overseer or overseers of the poor may expend for the relief of each person or family, and after the board of supervisors of any county, or the town board of any town, shall have made such rules and regulations, it shall not be necessary for the overseer of the poor of the towns in said county, where such rules and regulations were made by the board of supervisors, or if in a town by the said town board, to procure an order from the supervisor of the town, or the sanction of the superintendent of the poor to expend money for the relief of any person or family, unless the board of supervisors of such county or the town board of such town shall so direct; but this section shall not apply to the counties of New York and Kings.

§ 14. Penalty for neglect or false report.—Any superintendent of the poor or other officer or person having been an officer, who shall neglect or refuse to render any account, statement or report required by this chapter, or shall willfully make any false report, or shall neglect to pay over any moneys within the time required by law, shall forfeit two hundred dollars to the town or county of which he is or was an officer, and shall be liable to an action for all moneys which shall be in his hands after the time the same should have been paid over, with interest thereon at the rate of ten per centum per annum from the time the same should have been paid over. The state board of charities shall give notice to the district attorney of the county of every neglect to make the report required to be made to that board, and every officer or board to whom any such account, statement, report or payment should have been made, shall give notice to such district attorney of every neglect or failure to make the same; and such district

attorney shall, on receiving such notice or in any way receiving satisfactory evidence of such default, prosecute for the recovery of such penalties or moneys in the name of the town or county entitled thereto, and the sum recovered, if for the benefit of the town, shall be paid to the overseer of the poor thereof, and if for the benefit of the county, shall be paid into the county treasury, to be expended by the overseer or superintendent of the poor for the support of the poor of such town or county.

28. Accounts of town officers.
29. Overseers of the poor in cities.

Section 20. Relief in counties having alms-house.— When any person shall apply for relief to an overseer of the poor, in a county having an alms-house, such overseer shall inquire into the state and circumstances of the applicant; and if it shall appear that he is a poor person, and requires permanent relief and support, and can be safely removed, the overseer shall, by written order, cause such poor person to be removed to the county alms-house, or to be relieved and provided for, as the necessities of the applicant may require. If the county be one where the respective towns are required to support their own poor, the overseer shall designate in such order of removal, whether such person be chargeable to the county or not; and if no such desig-

nation be made, such person shall be deemed to belong to the town whose overseer made such order.

§ 21. Expense of removal, and temporary relief.—Unless such poor person is properly chargeable to the town, the overseer, in addition to the expense of such removal, shall be allowed such sum as may have been necessarily paid out, or contracted to be paid, for the relief or support of such poor person, previous to such removal and as the superintendent shall judge was reasonably expended while it was improper or inconvenient to remove such poor person, which sum shall be paid by the county treasurer, on the order of the superintendent.

§ 22. How supported and when discharged.—The person so removed shall be received by the superintendents, or their agents, and be supported and relieved in a county alms-house until it shall appear to them that such person is able to maintain himself, or, if a minor, until he is bound out or otherwise cared for, as hereinafter provided, when they may, in their discretion, discharge him.

§ 23. Temporary relief to persons who can not be removed to alms-house.—If it shall appear that the person so applying requires only temporary relief, or is sick, lame or otherwise disabled so that he can not be conveniently removed to the county alms-house, or that he is a person who should be relieved and cared for at his home under article five of this chapter, the overseers shall apply to the supervisor of the town, who shall examine into the facts and circumstances, and shall, in writing, order such sum to be expended for the temporary relief of such poor person, as the circumstances of the case shall require, which order shall entitle the overseer to receive any sum he may have paid out or contracted to pay, within the amount therein specified, from the county treasurer, to be by him charged to the county, if such person be a county charge, if not, to be charged to the town where such relief was afforded; but no greater sum than ten dollars shall be expended or paid for the relief of any one poor person, or one family, without the sanction, in writing, of one of the superintendents of the poor of the county, which shall be

presented to the county treasurer, with the order of the supervisor, except when the board of supervisors has made rules and regulations as prescribed in section thirteen of this chapter.

§ 24. Relief in counties having no alms-house.—If application for relief be made in any county where there is no county alms-house, the overseer of the poor of the town where such application is made shall inquire into the facts and circumstances of the case, and with the written approval of the supervisor of such town, make an order in writing for such allowance, weekly or otherwise, as they shall think required by the necessities of such poor person. If such poor person has a legal settlement in such town, or in any other town in the same county, the overseer shall apply the moneys so allowed to the relief and support of such poor person. The money so paid by him, or contracted to be paid, when the poor person had no legal settlement in the town, and charged to the town in which he had a legal settlement, shall be drawn by such overseer from the county treasurer on producing such order. If such person has no legal settlement in such county, the overseer shall, within ten days after granting to him any relief, give notice thereof, and that such person has no legal settlement in such county, to one of the county superintendents, and until the county superintendents shall take charge of the support of such poor person, the overseer shall provide for his relief and support, and the expense thereof from the time of giving such notice shall be paid to such overseer by the county treasurer, on the production of such order and of proof by affidavit of the time of the giving of such notice, and shall be by him charged to the county.

§ 25. Overseer to make monthly examinations and audit accounts.—The overseer of the poor of a town or city shall, at least once each month, examine into the condition and necessities of each person supported by the town or city out of the county alms-house, and provide within the provisions of this chapter for such allowances, weekly or otherwise, as the circumstances may in his judgment require. All accounts for care, support, supplies or attendance, connected with the maintenance of such poor person or family, shall be settled once in three months, and paid if there

be funds for that purpose. No bill, claim or account for care, support, supplies or attendance, furnished to poor persons, by order of the overseer of the poor, or otherwise, shall be audited or allowed by the overseer, unless such bill, claim, or account be verified by the claimant, to the effect that such care, support, supplies or attendance have been actually furnished for such poor persons, that such poor persons have actually received the same, and that the prices charged therefor are reasonable, and not above the usual market rates.

§ 26. (As amended by chapter 222 of the Laws of 1897.) Overseers to keep books of account.—Overseers of the poor, who receive and expend money for the relief and support of the poor in their respective towns and cities, shall keep books to be procured at town or city expense, in which they shall enter the name, age, sex and native country of every poor person who shall be relieved or supported by them, together with a statement of the causes, either direct or indirect, which shall have operated to render such relief necessary, so far as the same can be ascertained. They shall also enter upon such books a statement of the name and age, and of the names and residences of the parents of every child who is placed by them in a family, with the name and address of the family with whom every such child is placed, and the occupation of the head of the family. They shall also enter upon books so procured, a statement of all moneys received by them, when and from whom, and on what account received, and of all moneys paid out by them, when and to whom paid and on what authority, and whether to town, city or county poor; also a statement of all debts contracted by them as such overseers, the names of the persons with whom such debts were contracted, the amount and consideration of each item, the names of the persons for whose benefit the debts were contracted, and if the same have been paid, the time and manner of such payment.

The overseers shall lay such books before the board of town auditors, or the common council of the city, at its first annual meeting in each year, and, upon being given ten days' notice thereof, at any adjourned or special meeting of such board or

council, together with a just, true and verified itemized account, of all moneys received and expended by them for the use of the poor since the last preceding annual meeting of said board, and a verified statement of debts contracted by them as such overseer and remaining unpaid. The board or council shall compare said account with the entries in the book, and shall examine the vouchers in support thereof, and may examine the overseers of the poor, under oath, with reference to such account. They shall thereupon audit and settle the same, and state the balance due to or from the overseer, as the case may be. Such account shall be filed with the town or city clerk, and at every annual town meeting the town clerk shall produce such town account for the next preceding year, and read the same, if it be required by the meeting. The overseers of a town shall have such books present each year at the annual town meeting, subject to the inspection of the voters of the town, and the entries thereon for the preceding year shall there be read publicly at the time reports of other town officers are presented, if required by a resolution of such meeting.

No credit shall be allowed to any overseers for moneys paid, unless it shall appear that such payments were made necessarily or pursuant to a legal order.

§ 27. Annual report of overseers.—Such overseer shall make to the town board, at its second annual meeting in each year, a written report, stating their account as provided in the last section, continued to that date, and any deficiency that may then exist in the town poor fund, with their estimate of the sum which they shall deem necessary for the temporary and outdoor relief and support of the poor in their town for the ensuing year, and in counties where there is no county alms-house, their estimate of such sum as they shall deem necessary to be raised and collected therein for the support of the poor for the ensuing year. If such board shall approve the statement and estimate so made or any part thereof, they shall so certify in duplicate, one of which certificates shall be filed in the office of the town clerk, and the other shall be laid by the supervisor of the town, before the board of supervisors of the county, on the first day of its next annual meet-

ing. The board of supervisors shall cause the amount of such deficiency and estimates, as so certified, together with the sums voted by such town for the relief of the poor therein to be levied and collected in such town, in the same manner as other town charges, to be paid to the overseers of the poor of such town, and the warrants attached to the tax-rolls in such county shall direct accordingly. The moneys so raised shall be received by such overseers, and applied toward the payment of such deficiency, and for the maintenance and support of the poor, for whose relief such estimates were made. The town board shall also, on or before the first day of December, annually certify to the county superintendents, the name, age, sex and native country of every poor person relieved and supported by such overseers during the preceding year, with the causes which shall have operated to render them such poor persons, the amount expended for the use of each person, as allowed by the board, and the amount allowed to each overseer for services rendered in relation to temporary or town relief.

The town board shall include in such annual statement to the county superintendents and the county superintendents shall include in their own report to the state board of charities a statement of the name and age, and of the names and residence of the parents of every child who has been placed by such overseers in a family during the preceding year, with the name and address of the family with whom each child is placed, and the occupation of the head of the family.

§ 28. Account of town officers.—The accounts of any town officer for personal or official services rendered by him, in relation to the town poor, shall be audited and settled by the town board and charged to such town. But no allowance for time or services shall be made to any officer for attending any board solely for the purpose of having his account audited or paid.

§ 29. Overseers of the poor in cities.—This chapter shall apply to overseers of the poor in cities, except where otherwise specially provided by law. In the absence of such special provision, overseers of the poor in each city shall make their report

to the auditing board of such city, by whatever name known, at the beginning of the fiscal year of such city, if such time be fixed, otherwise on the first day of January in each year; the common councils of such cities as shall be liable for the support of their own poor shall yearly determine the sum of money to be appropriated for the ensuing year, and a certified copy of such determination shall be laid before the board of supervisors of the county, who shall cause the same to be assessed, levied, collected and paid to the county treasurer.

54. Actions, when and how to be brought.
55. Penalty for bringing foreign poor into this state.
56. Poor children under sixteen years of age.

§ 40. Settlements, how gained.—Every person of full age, who shall be a resident and inhabitant of any town or city for one year, and the members of his family who shall not have gained a separate settlement, shall be deemed settled in such town or city, and shall so remain until he shall have gained a like settlement in some other town or city in this state, or shall remove from this state and remain therefrom one year. A mir

may be emancipated from his or her father or mother and gain a separate settlement:

1. If a male, by being married and residing one year separately from the family of his father or mother.

2. If a female, by being married and having lived with her husband; in which case the husband's settlement shall be deemed that of the wife.

3. By being bound as an apprentice and serving one year by virtue of such indentures.

4. By being hired and actually serving one year for wages, to be paid such minor.

§ 41. Qualifications of last section.—A woman of full age, by marrying, shall acquire the settlement of her husband. Until a poor person shall have gained a settlement in his or her own right, his or her settlement shall be deemed that of the father, if living, if not, then of the mother; but no child born in any alms-house shall gain any settlement merely by reason of the place of such birth; neither shall any child born while the mother is such poor person, gain any settlement by reason of the place of its birth. No residence of any such poor person in any alms-house, while such person, or any member of his or her family is supported or relieved at the expense of any other town, city, county or state, shall operate to give such poor person a settlement in the town where such actual residence may be.

§ 42. Poor persons not to be removed, and how supported.—No person shall be removed as a poor person from any city or town to any other city or town of the same or any other county, nor from any county to any other county except as hereinafter provided; but every poor person, except the state poor, shall be supported in the town or county where he may be, as follows:

1. If he has gained a settlement in any town or city in such county, he shall be maintained by such town or city.

2. If he has not gained a settlement in any town or city in the county in which he shall become poor, sick or infirmed, he shall be supported and relieved by the superintendents of the poor at the expense of the county.

3. If such person be in a county where the distinction between town and county poor is abolished, he shall, in like manner, be supported at the expense of the county, and in both cases, proceedings for his relief shall be had as herein provided.

4. If such poor person be in a county where the respective towns are liable to support their poor, and has gained a settlement in some town of the same county other than that in which he may then be, he shall be supported at the expense of the town or city where he may be, and the overseers shall, within ten days after the application for relief, give notice in writing to an overseer of the town to which he shall belong, requiring him to provide for the support and relief of such poor person.

§ 43. Proceedings to determine settlement.—If, within ten days after the service of such notice, the overseer to whom the same was directed, shall not proceed to contest the allegation of the settlement of such poor person, by giving the notice hereinafter directed, he or his successors, and the town which he or they represent, shall be precluded from contesting or denying such settlement. He may, within the time mentioned, give written notice to the overseer of the town where such person may be, and from whom he has received the notice specified in the last section, that he will appear before the county superintendents, at a place and on a day therein to be specified, which day shall be at least ten days and not more than thirty days from the time of the service of such notice of hearing, to contest the alleged settlement. If the county superintendents fail to appear at the time and place so appointed, they shall, at the request of the overseers of either town appoint some place, and some other day, for the hearing of such allegations, and cause at least five days' notice thereof to be given to such overseers; and no poor person shall be deemed to have gained a settlement, when the proper notices to contest the settlement have been served, until there has been a hearing before the superintendent thereof, and an order by them made and filed in the office of the county clerk, fixing the settlement of such poor person.

§ 44. Hearing before superintendents.—The county superintendents shall convene whenever required by any overseer pur-

suant to such notice, and shall hear and determine the controversy, and may award costs, not exceeding fifteen dollars, to the prevailing party, which may be recovered in an action in a court of competent jurisdiction. Witnesses may be allowed fees as in courts of record. The decision of the superintendent shall be final and conclusive, unless an appeal therefrom shall be taken as provided by this chapter.

§ 45. How to compel towns to support poor persons.—The overseers of the poor of the town in which it may be alleged any poor person has gained a settlement, may, at any time after receiving such notice requiring them to provide for such person, take and receive such poor person to their town, and there support him; if they omit to do so, or shall fail to obtain the decision of the county superintendents, so as to exonerate them from the maintenance of such poor person, the charge of giving such notice, and the expense of maintaining such person, after being allowed by the county superintendents, shall be laid before the board of supervisors at their annual meetings from year to year, as long as such expenses shall be incurred, and the supervisors shall annually add the amount of such charges to the tax to be laid upon the town to which such poor person belongs, together with such sum in addition thereto, as will pay the town incurring such expense, the interest thereon, from the time of expenditure to the time of repayment, which sum shall be assessed, levied and collected in the same manner as other charges of such town. Such moneys when collected shall be paid to the county treasurer and be by him credited to the account of the town which incurred the expenses.

§ 46. Proceedings to determine who are county poor.—The support of any poor person shall not be charged to the county, without the approval of the superintendents. If a poor person be sent to the county alms-house as a county poor person, the superintendents, in counties where there are town poor, shall immediately inquire into the facts, and if they are of opinion that such person has a legal settlement in any town of the county, they shall within thirty days after such poor person shall have been received, give

notice to the overseers of the poor of the town to which such poor person belongs that the expenses of such support will be charged to such town, unless the overseers within such time as the superintendents shall appoint, not less than twenty days thereafter, show that such town ought not to be so charged. On the application of the overseers, the superintendents shall re-examine the matter and take testimony in relation thereto, and decide the question; which decision shall be conclusive, unless an appeal therefrom shall be taken in the manner provided in this chapter.

§ 47. In counties without alms-house.—In counties having no alms-house, no person shall be supported as a county poor person, without the direction of at least one superintendent. In such cases the overseers of the poor, where such person may be, shall, within ten days after granting him relief, give notice thereof and that such person is not chargeable to their town, to one of the superintendents who shall inquire into the circumstances, and if satisfied that such poor person has not gained a legal settlement in any town of the county, and is not a state poor person, he shall give a certificate to that effect, and that such poor person is chargeable to the county. He shall report every such case to the board of superintendents at their next meeting, who shall affirm such certificate or, on giving at least eight days' notice to the overseers of the poor of the town interested may annul the same. After hearing the allegations and proofs in the premises, if the superintendent to whom the overseers have given such notice shall neglect or refuse to give such certificate, the overseers may apply to the board of superintendents, who shall summarily hear and determine the matter, and whose decision shall be conclusive, unless an appeal therefrom shall be taken in the manner provided in this chapter. Such appeal may also be taken from the refusal of one superintendent to grant such certificate when there is but one superintendent in the county.

§ 48. Decisions to be entered and filed.—The decisions of county superintendents in relation to the settlement of poor persons, or to their being a charge upon the county, shall be entered in books to be provided for that purpose, and certified by the signa-

ture of such of the superintendents as make the same; and a duplicate thereof, certified in the same manner, shall be filed in the office of the county clerk, within thirty days after making such decision.

§ 49. Appeal to the county court.—Any or either of the parties interested in a decision of the superintendent of the poor, or in any dispute that shall arise concerning the settlement of any poor person, may appeal from such decision to the county court of the county in which such decision shall be made, by serving upon the other parties interested therein, within thirty days after service upon the appellant of a notice of the same, a notice of appeal, which shall be signed by the appellant or his attorney, and which shall specify the grounds of the appeal. The hearing of such appeal may be brought on by either party in or out of term, upon notice of fourteen days. Upon such appeal a new trial of the matters in dispute shall be had in the county court without a jury, and a decision of the county court therein shall be final and conclusive, and the same costs shall be awarded as are allowed on appeals to said court.

For the purposes of this chapter the county court shall be deemed open at all times.

§ 50. Penalty for removing.—Any person who shall send, remove or entice to remove, or bring, or cause to be sent, removed or brought, any poor or indigent person, from any city, town or county, to any other city, town or county, without legal authority, and there leave such person for the purpose of avoiding the charge of such poor or indigent person upon the city, town or county from which he is so sent, removed or brought or enticed to remove, shall forfeit fifty dollars, to be recovered by and in the name of the town, city or county to which such poor person shall be sent, brought or removed, or enticed to remove, and shall be guilty of a misdemeanor.

§ 51. Proceedings to compel support.—A poor person so removed, brought or enticed, or who shall of his own accord, come or strayed from one city, town or county into any other city, town or county not legally chargeable with his support, shall be main-

tained by the county superintendents of the county where he may be. They may give notice to either of the overseers of the poor of the town, or city from which he was brought or enticed, or came as aforesaid, if such town or city be liable for his support, and if there be no town or city in the county from which he was brought or enticed or came liable for his support, then to either of the county superintendents of the poor of such county, within ten days after acquiring knowledge of such improper removal, informing them of such improper removal, and requiring them forthwith to take charge of such poor person. If there be no overseers or superintendents of the poor in such town, city or county, such notice shall be given to the person, by whatever name known, who has charge and care of the poor in such locality.

§ 52. Liability, how contested.—The county superintendents, or overseers, or other persons to whom such notice may be directed, may, after the service of such notice, take and remove such poor person to their county, town or city, and there support him, and pay the expense of such notice, and of the support of such person; or they shall, within thirty days after receiving such notice, by a written instrument under their hands, notify the county superintendents from whom such notice was received, or either of them, that they deny the allegation of such improper enticing or removal, or that their town, city or county is liable for the support of such poor person.

§ 53. Neglect to contest.—If there shall be a neglect to take and remove such poor person, and to serve notice of such denial within the time above prescribed, the county superintendents and overseers, respectively, whose duty it was so to do, their successors, and their respective counties, cities or towns, shall be deemed to have acquiesced in the allegations contained in such first notice, and shall be forever precluded from contesting the same, and their counties, cities and towns, respectively, shall be liable for the expenses of the support of such poor person, which may be recovered from time to time, by county superintendents

incurring such expenses, in the name of their county in actions against the county, city or town so liable.

§ 54. Actions, when and how to be brought.—Upon service of any such notice of denial, the county superintendents upon whom the same may be served, shall, within three months, commence an action in the name of their county, against the town, city or county so liable for the expenses incurred in the support of such poor person, and prosecute the same to effect; if they neglect to do so, their town, city or county, shall be precluded from all claim against the town, city or county to whose officers such first notice was directed.

§ 55. Penalty for bringing foreign poor into this state.—Any person who shall knowingly bring or remove, or cause to be brought or removed, any poor person from any place without this state, into any county, city or town within it, and there leave or attempt to leave such poor person, with intent to make any such county, city or town, or the state, wrongfully chargeable with his support, shall forfeit fifty dollars, to be recovered by an action in a court of competent jurisdiction in the county, and in the name of the county, city or town into which such poor person shall be brought, and shall be obliged to convey such person out of the state, or support him at his own expense, and shall be guilty of a misdemeanor, and the court or magistrate before whom any person shall be convicted for a violation of this section shall require of such person satisfactory security that he will within a reasonable time, to be named by the court or magistrate, transport such person out of the state, or indemnify the town, city or county for all charges and expenses which may be incurred in his support; and if such person shall refuse to give such security when so required, the court or magistrate shall commit him to the common jail of the county for a term not exceeding three months.

§ 56. Poor children under sixteen years of age.—No justice of the peace, board of charities, police justice, or other magistrate, or court, shall commit any child under sixteen years of age, as a vagrant, truant or disorderly person, to any jail or county

alms-house, but to some reformatory, or other institution, as provided for in the case of juvenile delinquents; and when such commitments are made, the justice of the peace, board of charities, police justice, or other magistrate or court making the same, shall immediately give notice to the superintendents of the poor or other authorities having charge of the poor of the county in which the commitment was made, giving the name and age of the person committed, to what institution, and the time for which committed; nor shall any county superintendents, overseers of the poor, board of charity, or other officer, send any child under the age of sixteen years, as a poor person, to any county alms-house, for support and care, or retain any such child in such alms-house, but shall provide for such child or children in families, orphan asylums, hospitals, or other appropriate institutions for the support and care of children as provided by law, except that a child under two years of age may be sent with its mother, who is a poor person, to any county alms-house, but not longer than until it is two years of age. The board of supervisors of the several counties, and board of estimate and apportionment of the county of New York, and the appropriate board or body in the county of Kings shall take such action in the matter as may be necessary to carry out the provisions of this section. When any such child is committed to an orphan asylum or reformatory, it shall, when practicable, be committed to an asylum or reformatory that is governed or controlled by persons of the same religious faith as the parents of such child.

§ 57. (Chapter 203 of the Laws of 1897.) Settlement, how lost.—A person who has gained a settlement in a town or city loses the same by a continuous residence elsewhere for one year.

Section 60. Penalty for removing mother of bastard; how supported after removal.—If the mother of any bastard, or of any child likely to be born a bastard, shall be removed, brought or enticed into any county, city or town from any other county, city or town of this state, for the purpose of avoiding the charge of such bastard or child upon the county, city or town from which she shall have been brought or enticed to remove, the same penalties shall be imposed on every such person so bringing, removing or enticing such mother to remove, as are provided in the case of

the fraudulent removal of a poor person. Such mother, if unable to support herself, shall be supported during her confinement and recovery therefrom, and her child shall be supported, by the county superintendents of the poor of the county where she shall be, if no provision be made by the father of such child.

§ 61. Mother and child poor persons; proceedings against county or town from which she was removed.—Such mother and her child shall, in all respects, be deemed poor persons; and the same proceedings may be had by the county superintendents to charge the town, city or county from which she was removed or enticed, for the expense of supporting her and her child, as are provided in the case of poor persons fraudulently or clandestinely removed; and an action may be maintained in the same manner for said expenses and for all expenses properly incurred in apprehending the father of such child, or in seeking to compel its support by such father or its mother.

§ 62. Mother and bastard; how to be supported.—The mother of every bastard, who shall be unable to support herself during her confinement and recovery therefrom, and every bastard, after it is born, shall be supported as other poor persons are required to be supported by the provisions of this chapter, at the expense of the city or town where such bastard shall be born if the mother have a legal settlement in such city or town, and if it be required to support its own poor; if the mother have a settlement in any other city or town of the same county, which is required to support its own poor, then at the expense of such other city or town; in all other cases, they shall be supported at the expense of the county where such bastard shall be born.

§ 63. Mother and child not to be removed without her consent.—The mother and her child shall not be removed from any city or town to any other city or town in the same county, nor from one county to any other county, in any case whatever, unless voluntarily taken to the county, city or town liable for their support, by the county superintendent of such county or the overseer of the poor of such city or town.

§ 64. Overseers to notify superintendents of cases of bastardy; when county chargeable.—The overseers of the poor of any city or town where a woman shall be pregnant with a child, likely to be born a bastard, or where a bastard shall be born, which child or bastard shall be chargeable, or likely to become chargeable to the county, shall, immediately on receiving information of such fact, give notice thereof to the county superintendents, or one of them.

§ 65. Duty of superintendents to provide for mother and child.—The county superintendents shall provide for the support of such bastard and its mother, in the same manner as for the poor of such county.

§ 66. Until taken charge of by superintendents, to be supported by overseers.—Until the county superintendents take charge of and provide for the support of such bastard and its mother so chargeable to the county, the overseers of the poor of the city or town shall maintain and provide for them; and for that purpose, the same proceedings shall be had as for the support of a poor person chargeable to the county, who can not be conveniently removed to the county alms-house.

§ 67. Overseers of towns to support bastard and mother whether chargeable or not.—Where a woman shall be pregnant with a child likely to be born a bastard, or to become chargeable to a city or town, or where a bastard shall be born chargeable, or likely to become chargeable to a city or town, the overseers of the poor of the city or town where such bastard shall be born, or likely to be born, whether the mother have a legal settlement therein or not, shall provide for the support of such child and the sustenance of its mother during her confinement and recovery therefrom, in the same manner as they are authorized by this chapter to provide for and support the poor of their city or town.

§ 68. Moneys received by overseers from parents of bastard, how applied and accounted for.—Where any money shall be paid to any overseer, pursuant to the order of any two justices, by any putative father, or by the mother of any bastard, the overseers may expend the same directly, in the support of such

child, and the sustenance of its mother as aforesaid, without paying the same into the county treasury. They shall annually account, on oath, to the board of town auditors, or to the proper auditing board of a city, at the same time that other town or city officers are required to account for expenditures of all moneys so received by them, and shall pay over the balance in their hands, and under like penalties, as are provided by this chapter, in respect to the poor moneys in their hands.

§ 69. When moneys received on account of bastard chargeable to county; how to be disposed of.—All moneys which shall be ordered to be paid by the putative father, or by the mother of a bastard chargeable to any county, shall be collected for the benefit of such county; and all overseers of the poor, superintendents, sheriffs, and other officers, shall within fifteen days after the receipt of any such moneys, pay the same into the county treasury. Any officer neglecting to make such payment shall be liable to an action by and in the name of the county, for all moneys so received and withheld, with interest from the time of receipt, at the rate of ten per centum; and shall forfeit a sum equal to that so withheld to be sued for and recovered by and in the name of the county.

§ 70. Disputes concerning settlement of bastard, how determined.—When a dispute shall arise concerning the legal settlement of the mother of a bastard, or of a child born or likely to be born a bastard, in any city or town, the same shall be determined by the county superintendents of the poor, upon a hearing of the parties interested, in the same manner and with the same effect as they are authorized to determine the settlement of a poor person under this chapter.

§ 71. Proceedings when bastard is chargeable to another town.—When a bastard shall be born, or be likely to be born in a town or city, when the legal settlement of the mother is in another town or city of the same county, which is required by law to support its own poor, the overseers of the poor of the town or city where such bastard shall be born, or be likely to be born, shall give the like notice to the overseers of the town or city where the

mother's settlement may be, as is required in the case of a person becoming a poor person, under the like circumstances, and the same proceedings shall be had, in all respects, to determine the liability of such town or city as in the case of poor persons.

The overseers of the town or city to which the mother of such bastard belongs may, before the confinement of such mother, or at any time after the expiration of two months after her delivery, if her situation will permit it, take and support such mother and her child.

If they omit to do so, and fail to obtain the determination of the county superintendents in their favor on the question of settlement, the town or city to which the mother belongs shall be liable to pay all the expenses of the support of such bastard, and of its mother during her confinement and recovery therefrom; which expenses, after being allowed by the county superintendents, shall be assessed, together with the lawful interest on the moneys expended, on the town or city to which such mother belongs, and shall be collected in the same manner as provided for poor persons supported under the same circumstances, and the moneys so collected, shall be paid to the county treasurer, for the benefit of, and to be credited to, the town which incurred such expenses.

§ 72. § 73. When mother and child to be removed to county alms-house.— If there be a county alms-house in any county where the towns are required to support their own poor, the overseers of the poor of a town where a bastard shall be born, or shall be likely to be born, may, with the approval of the county superintendents or any two of them, and when the situation of the mother will allow it, remove the mother of such bastard, with her child, to such alms-house, in the same manner as poor persons may be removed; the expenses of which removal shall be defrayed in like manner, and such mother and her child shall be considered as poor of the town so liable for their support, and the expense shall in like manner be estimated and paid.

§ 74. Compromise with father of bastard; when mother may receive money.— Superintendents and overseers of the poor may make such compromise and arrangements with the putative father of any bastard child within their jurisdiction, relative to the support of such child, as they shall deem equitable and just, and thereupon discharge such putative father from all further liability for the support of such bastard.

Whenever a compromise is made with the putative father of bastard child, the mother of such child, on giving security for the support of the child, and to indemnify the city and county or the town and county, from the maintenance of the child, to the satisfaction of the officers making the compromise, shall be entitled to receive the moneys paid by such putative father as the consideration of such compromise. If the mother of such child shall be unable to give the security, but shall be able and willing to nurse and take care of the child, she shall be paid the same weekly allowance for nursing and taking care of the child, out of the moneys paid by the father on such compromise, as he shall have been liable to pay by the order of filiation; such weekly sum to be paid the mother, may be prescribed, regulated or reduced, as in the case of an order of filiation.

§ 75. Compromise with putative fathers in New York.— The commissioners of public charities of the city of New York or any two of them, may make such compromise with the putative father of any bastard child, relative to the support of such child, as they shall deem equitable and just, and thereupon discharge such putative father from all further liability for the support of such bastard.

The state board of charities shall, from time to time, on behalf of the state, contract for such time, and on such terms as it may deem proper, with the authorities of not more than fifteen counties or cities of this state, for the reception and support, in the alms-houses of such counties or cities respectively, of such poor persons as may be committed thereto. Such board may establish rules and regulations for the discipline, employment, treatment and care of such poor persons, and for their discharge. Every contract shall be in writing, and filed in

the office of such board. Such alms-houses, while used for the purposes of this article, shall be appropriately designated by such board and known as state alms-houses. Such board may, from time to time, direct the transfer of any such poor person from one alms-house to another, and may give notice from time to time to counties, to which alms-houses they shall send poor persons.

§ 91. Notice to be given to county clerks of location of state alms-houses.—Such board shall give notice to the county clerks of the several counties of the location of each of such alms-houses, who thereupon shall cause such notice to be duly promulgated to the superintendents and overseers of the poor, and other officers charged with the support and relief of poor persons in their respective counties. A circular from the superintendent of state and alien poor appointed by such board shall accompany such notice, giving all necessary information respecting the commitment, support and care of the state poor in such alms-houses, according to the provisions of this article.

§ 92. State poor to be conveyed to state alms-houses.—County superintendents of the poor, or officers exercising like powers, on satisfactory proof being made that the person so applying for relief as a state poor person, as defined by this chapter, is such poor person, shall, by a warrant issued to any proper person or officer, cause such person, if not a child under sixteen years of age, to be conveyed to the nearest state alms-house, where he shall be maintained until duly discharged, but a child under two years of age may be sent with its mother, who is a state poor person, to such state alms-house, but not longer than until it is two years of age. All testimony taken in any such proceeding shall be forwarded, within five days thereafter, to the superintendent of state and alien poor, and a verified statement of the expenses incurred by the person in making such removal, shall be sent to such superintendent. Such board shall examine and audit the same, and allow the whole, or such parts thereof, as have been actually and necessarily incurred; provided that no allowance shall be made to any person for his time or service in making such removal. All such accounts for expense, when so audited and allowed, shall be

paid by the state treasurer, on the warrant of the comptroller, to the person incurring the same.

§ 93. Punishment for leaving alms-house.—An inmate of a state alms-house, who shall leave the same without being duly discharged, and within one year thereafter is found in any city or town of this state soliciting public or private aid, shall be punished by confinement in the county jail of the county in which he is so found, or in any work-house of this state in such county, for a term not exceeding three months, by any court of competent jurisdiction; and it shall be the duty of every superintendent and overseer of the poor and other officers charged with the support and relief of poor persons, to cause, so far as may be, the provisions of this section to be enforced.

§ 94. Expenses for support.—The expenses for the support, treatment and care of all poor persons who shall be sent as state poor to such alms-houses, shall be paid quarterly, on the first day of January, April, July and October in each year, to the treasurer of the county, or proper city officers incurring the same, by the treasurer of the state, on the warrant of the comptroller; but no such expenses shall be paid to any county or city, until an account of the number of persons thus supported, and the time that each shall have been respectively maintained, shall have been rendered in due form and approved by the state board of charities.

§ 95. Duty of keepers; superintendent of state and alien poor to keep record of names.—The keeper or principal officer in charge of such alms-house shall enter the names of all persons received by him pursuant to this article, with such particulars in reference to each as the board, from time to time may prescribe, together with the name of the superintendent by whom the commitment was made, in a book to be kept for that purpose. Within three days after the admission of any such person, such keeper or principal officer shall transmit the name of such person, with the particulars hereinbefore mentioned, to the superintendent of state and alien poor; and notice of the death, discharge or absconding of any such person shall in like manner and within the time above named, be thus sent to such superintendent. Such superintendent

shall cause the names of such persons in each such alms-house furnished as above provided for, to be entered in a book to be kept for that purpose in the office of such board, and he shall verify the correctness thereof by comparison with the books in such alms-house, and by personal examination of the several inmates thereof, and in any other manner the board may from time to time direct; and he shall furnish the board, in tabulated statements, on or before the second Tuesday in January, annually, the number of inmates maintained in each and all of such alms-houses during the preceding year, the number discharged, transferred to other institutions, bound out or removed from the state, and the number who died or left without permission during the year, with such other particulars and information as the board may require.

§ 96. Visitation of alms-houses.—The superintendent of state and alien poor shall visit and inspect each of such alms-houses at least once in each three months, and at such other times as he may deem expedient, or as the board may direct. And he shall also visit and inspect all alms-houses in which are Indians who are poor persons at least once a year. For the purposes of all such inspections, the superintendent shall possess all the powers of a member of the board and the further powers hereinafter mentioned. The officer in charge of each and every alms-house shall give to such superintendent free access to all parts of the grounds, buildings, hospitals and other arrangements connected therewith, and to every inmate thereof, and to extend to him the same facilities for the inspection of such alms-house and its inmates as is required by law to be extended to such board of commissioners; and, in default thereof, such officer shall be subject to the same penalty as if access were denied to any member of the board. Such board shall also cause each of such alms-houses to be visited periodically by some of its members, who shall examine into their condition and management, respectively, and make such report thereof to the board as may be deemed proper.

§ 97. Insane poor.—If any inmate of any such alms-house becomes insane, such superintendent of state and alien poor shall cause his removal to the appropriate state hospital for the insane

and he shall be received by the officer in charge of such hospital and be maintained therein until duly discharged.

§ 98. Care and binding out of state poor children.—Such superintendent of state and alien poor shall cause the state poor children, under sixteen years of age, unless committed with the mother, as hereinbefore provided by this chapter, to be maintained and cared for at such orphan asylums in this state as he may deem proper; and the expenses thereof shall be paid by the state treasurer on the certificate of such superintendent and the warrant of the comptroller. Such superintendent, in his discretion, may bind out a state poor orphan or indigent child which may be committed to any such state alms-house, or placed in any orphan asylum, if a male child under twenty-one years, if a female under the age of eighteen, to be clerks, apprentices or servants until such child, if a male, be twenty-one years old, or if a female, shall be eighteen years old, which binding shall be as effectual as if such child had bound himself with the consent of his parents or other legal guardian.

§ 99. Transfer to other states or countries.—When any person becomes an inmate of any such alms-house, and expresses a preference to be sent to any state or country where he may have a legal settlement, or friends willing to support him or to aid in supporting him, the superintendent of state and alien poor may cause his removal to such state or country, provided, in the judgment of the superintendent, the interest of the state and the welfare of such poor person will be thereby promoted.

§ 100. Powers of superintendent of state and alien poor.—The superintendent of state and alien poor shall possess and exercise the like powers, and be subject to the like duties as to the state poor as superintendents of the poor exercise and are subject to in the care and support of county poor. In the absence or illness of the superintendent such powers and duties may be performed and discharged by any person appointed by the state board of charities for such purpose.

§ 101. Indian poor persons; removal to county alms-house.—Every Indian residing within this state or upon any of the Indian

reservations of this state, who is a poor person within the meaning of this chapter, shall be maintained as provided in this article. Upon application being made by such Indian poor person to the superintendent of the poor of the county where such Indian resides, or to any other officer charged with the support and relief of the poor, and on satisfactory proof being made that such Indian is a poor person as defined in this chapter, such superintendent or other officer shall, by warrant, cause such Indian to be conveyed to the alms-house of the county where such Indian resides, where he shall be maintained at state expense. Immediately upon the removal of such Indian who is a poor person to such alms-house, all testimony taken and all facts relating thereto, together with a verified statement of the expenses incurred in making such removal, shall be transmitted to the state board of charities. Such board shall examine all matters relating thereto, and if satisfied that such removal was proper, and that the expenses thereof were actually and necessarily incurred, shall audit and allow the amount of such expenses, which, when so audited and allowed, shall be paid by the state treasurer, on the warrant of the comptroller, to the person incurring the same.

If, however, it shall appear to the satisfaction of such superintendent that the Indian poor person making application for relief is in such physical condition as to make it improper to remove him to the alms-house, the superintendent may, subject to such rules and regulations as may be prescribed by the state board of charities, provide for the care and support of such Indian poor person, without removing him to the alms-house, and the expenses incurred in such care and support shall be paid by the state treasurer, on the warrant of the comptroller, upon the order and allowance thereof by the state board of charities as in cases of support of Indian poor persons in alms-houses.

§ 102. Contracts for support of Indian poor persons.—The state board of charities shall, from time to time, on behalf of the state, contract with the proper officers of the county within which such Indians who are poor persons reside, on such terms and for such times as it may deem proper, for the reception and support

in the alms-house of such counties of such Indians who are poor persons as may be committed thereto: Such board may establish rules and regulations for the discipline, treatment and care of such Indians and provide for their discharge. Every such contract shall be in writing and filed in the office of such board.

§ 103. Expenses for support of Indian poor persons.—The expenses for the support, treatment and care of all Indians who are poor persons and shall be sent to such county alms-house pursuant to this chapter shall be paid quarterly on the 1st day of January, April, July and October in each year, to the treasurer of the county wherein such Indians are supported, by the state treasurer, on the warrant of the comptroller, but no such expenses shall be paid until an account of the number of Indians thus supported, and the time that each shall have been respectively maintained shall have been rendered in due form and approved by the state board of charities.

§ 104. Duty of keepers; superintendent of state and alien poor to keep record.—The keeper or principal officer in charge of such alms-house shall enter the names of all Indians committed thereto, with such particulars in relation thereto as the state board of charities may prescribe. Immediately upon the admission of any such Indian, such keeper or principal officer shall transmit by mail the names of such Indians, with the particulars hereinbefore mentioned, to the superintendent of state and alien poor; and notice of the death, discharge or absconding of any such Indian shall in like manner be transmitted to such superintendent. Such superintendent shall cause the names of such Indians in such county alms-house to be entered in a book to be kept for that purpose in the office of such board, and he shall verify the correctness thereof by comparison with the books kept in the alms-house by personal examination of such Indians or in such other manner as the board may direct; and he shall furnish the board in tabulated statements, annually on or before the second Tuesday in January, the number of Indians maintained in all such county alms-houses during the preceding year, the number discharged, bound out, removed from the state, and the number who died or left without permission during the year, with such other information as the board may require.

Section 130. Superintendents and overseers may redeem on sheriff's sale.—County superintendents and overseers of the poor may redeem real property, which may have been seized by them pursuant to sections nine hundred and twenty-one to nine hundred and twenty-six of the code of criminal procedure, the same as judgment-creditors under section fourteen hundred and thirty to fourteen hundred and seventy-eight of the code of civil procedure. No such redemption shall be made, unless at the time of such redemption the seizure of the property sought to be re-

deemed, shall have been confirmed by the county court of the county where the premises may be situated, nor unless such property shall, at the time of making such redemption, be held by the superintendents or overseers, under and by virtue of such seizure.

§ 131. Redemption, how made.—To entitle such superintendents or overseers to acquire the title of the original purchaser, or to be substituted as purchaser from any other creditor, they shall present to and leave with such purchaser or creditor, or the officer who made the sale, the following evidence of their right:

1. A copy of the order of the county court, confirming the warrant and seizure of such property, duly verified by the clerk of the court;

2. An affidavit of one of the superintendents or overseers that such property is held by them under such warrant and seizure, and that the same have not been discharged, but are then in full force.

§ 132. Moneys therefor, and how paid.—The superintendent or overseers of the poor may, for the purpose of making such redemption, use any moneys in their hands belonging to the poor funds of their respective towns or counties, which moneys shall be replaced, together with the interest thereon, out of the first moneys which may be received by them from the rent or sale of the premises so redeemed.

§ 133. When warrant of seizure may be discharged.—If such redemption shall be made, and the person against whom the warrant was issued and seizure made shall apply to have the warrant discharged, he shall, before such warrant and seizure are discharged, in addition to the security required to be given by section nine hundred and twenty-four of the code of criminal procedure, pay to such superintendents or overseers the sum paid by them to redeem such property, together with interest thereon, from the time of such redemption.

§ 134. Boards of supervisors may abolish or revive distinction between town and county poor.—The board of supervisors of any county may, at an annual meeting or at a special meeting called for that purpose, by resolution, abolish or revive

the distinction between town and county poor of such county, by a vote of two-thirds of all the members elected to such board, and until such abolition or revival, such county, or the towns therein, shall continue to maintain and support their poor as at the time when this chapter shall take effect. The clerk of the board shall, within thirty days after such determination, serve, or cause to be served, a copy of the resolution upon the clerk of each town, village or city within such county, and upon each of the superintendents and overseers of the poor therein. Upon filing such determination to abolish the distinction between town and county poor, duly certified by the clerk of the board, in the office of the county clerk, the poor of the county shall thereafter be maintained, and the expense thereof defrayed, by the county; and all costs and charges attending the examinations, conveyance, support and necessary expenses of poor persons therein, shall be a charge upon the county. Such charges and expenses shall be reported by the superintendent of the poor, to the board of supervisors, and shall be assessed, levied and collected the same as other county charges.

§ 135. Overseers, when to pay money to county treasurer. —Within three months after notice shall have been served upon the overseers of the poor, that the distinction between town and county poor has been abolished, they shall pay over all moneys which shall remain in their hands as overseers for the use of their town, after discharging all demands against them, to the county treasurer, to be applied by him toward the future taxes of such town; and all moneys thereafter received by them, as such overseers, for the use of the poor of their town, shall be paid by them to the county treasurer within three months after receiving the same, and by him credited to the town whose overseer shall have paid the same. It shall be the duty of all officers or persons to pay to the county treasurer all moneys which shall be received for, or owing by them to the overseers of the poor of any such town, for the use of the poor thereof, pursuant to any law or obligation requiring the same to be paid to such overseers, and credited by such county treasurer to the town for

whose use such moneys were received or owing. Any overseer or other person having received or owing such moneys, who shall neglect or refuse to pay the same within thirty days after demand thereof, shall be liable to an action therefor, with interest at the rate of ten per cent. thereon, by such county treasurer, in the name of his county.

§ 136. Invested town money.—When any town shall have any moneys raised for the support of the poor, invested in the name of the overseers of the poor of such town, such overseers shall continue to have the control thereof, and shall apply the interest arising therefrom to the support of the poor of their town, so long as such town shall be liable to support its own poor, but when relieved from such liability by a vote of the supervisors of the county, the money so raised and invested shall be applied to the payment of such taxes upon the town, as the inhabitants thereof shall at an annual town meeting, or a special town meeting called for that purpose determine.

§ 137. Report by supervisors.—The supervisor of every town in counties where all the poor are not a county charge, shall report to the clerk of the board of supervisors, within fifteen days after the accounts of the overseers of the poor have been settled by the town board at its first annual meeting in each year, an abstract of all such accounts, which shall exhibit the number of poor persons that have been relieved or supported in such town the preceding year, specifying the number of county poor, and town poor, the whole expense of such support, the allowance made to overseers, justices, constables or other officers, which shall not comprise any part of the actual expenses of maintaining the poor.

§ 138 Register of sex and age.—In addition to the general register of the inmates of the various alms-houses, there shall be kept a record of the sex, age, birthplace, birth of parents, education, habits, occupation, condition of ancestors and family relations, and cause of dependence of each person at the time of admission, with such other facts and particulars in relation thereto as may be required by the state board of charities, upon forms pr

and furnished by such board. Superintendents and overseers of the poor, and other officers charged with the relief and support of poor persons, shall furnish to the keepers or other officers in charge of such alms-houses, as full information as practicable in relation to each person sent or brought by them to such alms-house, and such keepers or other officers shall record the information ascertained at the time of the admission of such person, on the forms so furnished. All such records shall be preserved in such alms-houses, and the keepers and other officers in charge thereof shall make copies of the same on the first day of each month, and immediately forward such copies to the state board of charities.

§ 139. Care of poor persons not to be put up at auction.—No officer or persons whose duty it may be to provide for the maintenance, care or support of poor persons at public expense, shall put up at auction or sale the keeping, care or maintenance of any such poor person to the lowest bidder, and every contract which may be entered into in violation of this provision shall be void.

§ 140. Reports of certain other officers.—The provisions of this chapter, relating to reports by superintendents of the poor, to the state board of charities, and the penalties applicable thereto, are hereby extended to and made applicable to the commissioners of public charities for the city and county of New York, the superintendent of the alms-house of the county of Albany, the keeper of the alms-house of the county of Putnam, the commissioners of the alms-house elected in the cities of Newburgh and Poughkeepsie, and all poor officials elected or appointed in other cities of this state, under general or special acts of the legislature.

§ 141. Alms-house commissioners to report.—The commissioners of the alms-house of the cities of Newburgh and Poughkeepsie, and the poor officers of other cities chosen under special acts of the legislature shall annually, on the first day of December, report to the superintendent of the poor of their respective counties such statistics as, from time to time, may be required to be reported in the other cities and towns under the provisions of this chapter.

§ 142. Report of state board of charities.—The state board of charities shall include in its annual report to the legislature the

results of the information obtained from the reports to be made to it as herein provided. It shall also, from time to time, furnish to the officials so required to report to it, necessary forms, blanks and instructions required in making up such reports.

Chapter 754 of the Laws of 1895—An act to authorize payments by counties, cities, towns and villages to charitable, eleemosynary, correctional and reformatory institutions wholly or partly under private control, for care, support and maintenance.

Section 1. Boards of estimate and apportionment, common councils, boards of aldermen, boards of supervisors, town boards, boards of trustees of villages, and all other boards or officers of counties, cities, towns and villages, authorized to appropriate and raise money by taxation and make payments therefrom, are hereby authorized, in their discretion to appropriate and to raise money by taxation and to make payments from said moneys, and from any moneys received from any other source and properly applicable thereto, to charitable, eleemosynary, correctional and reformatory institutions wholly or partly under private control, for the care, support and maintenance of their inmates, of the moneys which are or may be appropriated therefor; such payments to be made only for such inmates as are received and retained therein pursuant to rules established by the state board of charities.

§ 2. This act shall take effect immediately.

An act to provide for the care of aged, decrepit and mentally enfeebled persons who are not insane, being chapter 914 of the Laws of 1896.

Section 1. It shall be lawful for the state board of charities, within ten days after the passage of this act, to exercise supervision over all aged, decrepit and feeble-minded persons who are not proper subjects for care and treatment in a hospital for the insane, but who, on application by themselves, or by their relatives, or if without relatives, then by their friends or legal guardians, seek to obtain admission into any homes, retreats or other asylums which may be authorized under the provisions of this act, to receive and administer to their necessities in a safe and humane manner.

§ 2. The state board of charities, in the exercise of such official supervision, is hereby empowered to license any home, retreat, or other asylum devoted to the sole purpose of keeping and car-

ing for such aged, decrepit or mentally enfeebled persons whenever in the judgment of said board such home, retreat or asylum possesses the necessary equipment in officers and attendants, together with suitable domestic accommodations in all other respects, for the safe and humane maintenance of such patients. And the power of exercising supervision over such institutions by the state board of charities, and of visiting and inspecting them and their inmates at all times, shall be the same as now belongs to them in respect to the other institutions under their care.

§ 3. Any person not a minor may voluntarily enter such a licensed institution upon filing an application of his intention with the superintendent thereof, supported by the affidavits of two reputable physicians of the places of residence of such person, certifying to the fact that the said applicant, though aged, decrepit or mentally enfeebled, is not insane nor a proper subject for treatment in a hospital for the insane, and that he goes there with the consent of his relatives, friends or legal guardians.

§ 4. In case such applicant be incompetent to act for himself, a similar application may be made in his behalf by any relative, friend or legal guardian in whose charge, or by whose assistance he is maintained, and the superintendent of such institution is hereby authorized to receive him in like manner as above stated.

§ 5. Any patient upon application made to the state board of charities by him, or his friends or legal guardians, may be discharged from any such home, retreat or asylum, and placed in the care of his friends or other suitable place as the said board, in their judgment, may deem best.

PROVISIONS OF THE PENAL CODE.

Section 288. Omitting to provide for child.—A person who,

1. Willfully omits, without lawful excuse, to perform a duty by law imposed upon him to furnish food, clothing, shelter or medical attendance to a minor, or to make such payment toward

its maintenance as may have been required by the order of a court or magistrate when such minor has been committed to an institution; or,

2. Not being a superintendent of the poor, or a superintendent of alms-houses, or an institution duly incorporated for the purpose, without having first obtained a license in writing so to do from the board of health of the city or town wherein such females or children are received, boarded or kept, erects, conducts, establishes or maintains any maternity hospital, lying-in asylum where females may be received, cared for or treated during pregnancy, or during or after delivery; or receives, boards or keeps any nursing children or any children under the age of twelve years not his relatives, apprentices, pupils or wards without legal commitment; or,

3. Being a midwife, nurse or other person having the care of an infant within the age of two weeks neglects or omits to report immediately to the health officer or to a legally qualified practitioner of medicine of the city, town or place where such child is cared for, the fact that one or both eyes of such infant are inflamed or reddened whenever such shall be the case, or who applies any remedy therefor without the advice, or except by the direction of such officer or physician; or,

4. Neglects, refuses or omits to comply with any provisions of this section, or who violates the provisions of such license, is guilty of a misdemeanor. Every such license must specify the name and residence of the person so undertaking the care of such females or children, and the place and the number of females or children thereby allowed to be received, boarded and kept therein, and shall be revocable at will by the authority granting it. Every person so licensed must keep a register wherein he shall enter the names and ages of all such children and of all children born on said premises, and the names and residences of their parents, as far as known, the time of the reception and discharge of such children and the reasons therefor, and also a correct register of the name and age of every child under five years who is given out, adopted, taken away or inden-

tured from such place to or by any one, together with the name and residence of the person so adopting, taking or indenturing such child; and shall cause a correct copy of such register to be sent to the authority issuing such license within forty-eight hours, after such child is so given out, adopted, taken away or indentured. It shall be lawful for the officers of any incorporated society for the prevention of cruelty to children and of such board of health at all reasonable times to enter and inspect the premises wherein such females and children are so boarded, received or kept, and also such license, register and the children.

The said board of charities may apply to the supreme court for the cancellation of any certificate of incorporation previously filed without its approval, and may institute and maintain an action in such court through the attorney-general to procure a judgment dissolving any such corporation not so incorporated and forfeiting its corporate rights, privileges and franchises. CHAPTER 264 OF THE LAWS OF 1898.

AN ACT to prevent evils and abuses in connection with the placing out of children.

Became a law April 14, 1898, with the approval of the Governor.

Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. When used in this act the term destitute child means an orphan, abandoned or destitute minor, under the age of sixteen years, who is an inmate of a public or private charitable institution or is maintained by or dependent upon public or organized charity. The term place-out, when used in this act, means the placing of a destitute child in a family, other than that of a relative within the second degree, for the purpose of providing a home for such child. The term board, when used in this act, means the state board of charities.

§ 2. It is hereby made unlawful for any person or corporation, other than a charitable or benevolent institution, society or association, or society for the prevention of cruelty to children, now or hereafter duly incorporated under the laws of this state, or a local officer charged with the relief of the poor and placing-out in the manner now provided by law, to place out any destitute child, directly or indirectly, unless such person or corporation shall be duly licensed, as hereinafter provided, by the state board of charities, to place out destitute children. Nor shall any local officer charged with the relief of the poor, directly or indirectly, place out any child or children in a family not residing within this state.

§ 3. The state board of charities is hereby authorized to issue licenses to such persons or corporations as apply therefor, and, in the judgment of said board, are proper to place-out children, empowering such licensees to place out destitute children. Any such license may be revoked by said board, in its discretion, on reasonable notice to such licensee and after affording such licensee

an opportunity to be heard before said board. The reason for not granting any such license within six months after application has been made therefor, or for revoking a license, shall be entered in full in the minutes of said board.

§ 4. Any person or corporation who shall place out a destitute child shall keep and preserve a record of the full name and actual or apparent age of such child, the names and residence of its parents, so far as known, and the name and residence of the person or persons with whom such child is placed. If such person or corporation shall subsequently remove such child from the custody of the person or persons with whom it was placed, the fact of such removal and the disposition made of such child shall be entered upon such record.

§ 5. The state board of charities, through any member, officer or duly authorized inspector of said board, is hereby authorized to visit, in its discretion, any child under the age of sixteen years, not legally adopted, placed out by any person or corporation mentioned in the second section of this act, or by any person licensed by said board to place out destitute children.

§ 6. In every case where practicable any child placed out shall be placed with individuals of like religious faith as the parents of the child.

§ 7. Whenever the state board of charities shall decide by the affirmative vote of a majority of its members that any person or corporation has placed out children for purposes of gain, or without due inquiry as to the character and reputation of the persons with whom such children are placed, and with the result that such children are subjected to cruel or improper treatment or neglect or immoral surroundings, the said board may issue an order prohibiting such person or corporation from thereafter placing out children. No such order shall be issued unless such person or corporation has had reasonable notice, with a copy of the charge, and an opportunity to be heard before said board, and a full record of the proceedings and decision on such hearings shall be kept by said board. Any such order issued by said board may be revoked by said board.

§ 8. Any person or corporation who may feel aggrieved by the decision of the state board of charities in issuing any order pursuant to the provisions of section seven of this act, may apply to any judge of the supreme court in the judicial district in which such person resides, or in which the chief office of such corporation is situated, for a writ of certiorari, and upon the return of such writ the reasonableness of such decision shall be subject to review by the supreme court of this state.

§ 9. Any person or corporation who shall willfully violate any of the provisions of this act or shall place out a child in violation of an order issued under the provisions of section seven of this act shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty and of not more than two hundred and fifty dollars.

§ 10. This act shall take effect on the first day of June, eighteen hundred and ninety-eight.
